## Statement of Revenue & Expense

### Recommended Motion

That Council accepts the Statement of Revenue and Expense Report for July 2024 for information.

### Background

Administration at each regular council meeting will provide Council with a Statement of Revenues and Expenses for the month recently concluded. This statement will reflect the financial position of the Town relative to the approved budget.

The budget figures have been updated from the 2024 Operating and Capital budgets approved by Council at the May 14, 2024, Regular Council Meeting. The capital budget figures have been split from the operating in those departments where capital items are in the budget.

The statement reflects the revenues and expenses to July 31, 2024.

Council members are encouraged to ask questions or seek clarification on any information presented.

## Budget Overview

### Recommended Motion

That Council accepts the Budget Overview for July 2024 for information.

### Background

The Budget Overview consolidates information from the Statement of Revenues & Expenses report into categories that compare the revenue and expenses for each department of the Town. To see the detail for each department, refer to the Statement of Revenues & Expenses.

The Budget Overview provides the adopted budget figures and the actual month end totals for each department. The final column compares the figures between budget and actual expense.

As with the Statement of Revenues & Expenses, the budget figures have been updated from the 2024 Operating and Capital budgets approved by Council at the May 14, 2024 Regular Council Meeting. The capital budget figures have been split from the operating in those departments where capital items are in the budget.

The overview reflects the revenues and expenses to July 31, 2024.

Council members are encouraged to ask questions or seek clarification on any information presented.

# MEMORANDUM

Date: August 13, 2024

To: Mayor & Council

From: Kim Neill  
Chief Administrative Officer

Re: CAO Report – August 13, 2024 Council Meeting

---

## 1. Engineering Project Updates

Administration has been working with MPE on several Engineering Projects which are identified below:

- Downtown Redevelopment Project
  - Construction began on Monday, June 17<sup>th</sup> with the first phase of the project construction being the 200 Block of 2<sup>nd</sup> Avenue West (furthest west block) and the intersection at the Town Office to the intersection one block to the east will be closed to traffic for approximately 6 – 8 weeks. Phase 2 will follow next with a timeline of 6 – 8 weeks and Phase 3 following completion of Phase 2 anticipated to start early – mid September.

### Phase I

- Underground work is complete and all properties in phase I are off temporary water and on their new services
- Concrete curb and sidewalks are complete
- Streetlights have been installed and Administration is working with ATCO Electric and the Town retailer to have them energized ASAP
- 1<sup>st</sup> lift of asphalt is complete, and the street will be opened to vehicle traffic
- Work on Phase 2 to begin early next week
- Administration receives regular verbal updates on the progress and formal Weekly Progress Meetings are scheduled every Monday morning

### Phase II

- Asphalt has been removed
  - All businesses on temporary water
  - Started digging in the main water and sewer lines
  - Intersection of 1<sup>st</sup> Street W and 2<sup>nd</sup> Avenue W has one lane open for north south traffic
- Palliser & Pioneer Trail Road Rehabilitation
    - Detailed Design work on this project is basically complete and the project is currently planned to be completed in the 2025 Capital Budget.

- Grant Application to Alberta Transportation – Strategic Transportation Infrastructure Program – Local Municipal initiatives has been submitted. The Town did receive notification that we were not successful with our application. The program is typically oversubscribed but the Town will submit a second application in the fall of 2024.
- Pioneer Trail Bridge Replacement
  - A Bridge Inspection was completed in the fall of 2023 which shows the bridge has deteriorated since the last inspection in 2021, primarily with continued deterioration of the 11 girders.
  - Grant Application to Alberta Transportation – Strategic Transportation Infrastructure Program – Local Bridge Component was successful in the amount of \$1.4 million. It is anticipated that the bridge replacement project will be combined with the Pioneer/Palliser Trail Rehabilitation project and be completed in 2025.
  - Detailed design work has started in anticipation of the project being tender ready late fall 2024.
- Water/Sewer Servicing – 304 Railway Avenue
  - PLPSD approached Administration regarding the possibility of tying into municipal water and sewer services for the lot they purchased at 304 Railway Avenue (Templars Shop) which will be used as their bus maintenance shop. The services do not extend past mid block of the 200 Block East on Railway Avenue and based on the elevations of the existing sewer line on Railway Avenue a gravity feed line will not work.
  - Administration has retained MPE to review the situation and provide options and costs for discussion with PLPSD representatives. The preliminary options have been forwarded to PLPSD and are waiting to confirm meeting dates to review.

## **2. Staffing Update**

Seasonal staffing will begin to slow down as the summer is coming to an end and the last days for all seasonal staff will be between August 23 – August 28<sup>th</sup> with the exception of 5 senior seasonal staff at Parks who will continue working until mid-October.

## **3. AM Convention Registration**

All members of Council, the CAO and the Director of Corporate Services have been registered for the AM Convention which will be held in Red Deer September 25 – 27<sup>th</sup>. Administration has accommodations booked for everyone as well.

## **4. Tax Recovery Auction**

Just a reminder that the Tax Recovery Auction date is Monday, September 9, 2024 at 2PM in Council Chambers. The properties still available at the auction remain at six which is what was identified to Council at the June 11, 2024 Council Meeting.

Lots 13-14, Block 17, Plan 6133AW	Current balance owing \$7,180.35 2024 assessed value \$68,880
Lot 2, Block 1, Plan 7510722	Current balance owing \$3,953.57 2024 assessed value \$46,390
Lot 7, Block 1, Plan 7510722	Current balance owing \$2,738.82 2024 assessed value \$29,510
Lots 10-12, Block 3, Plan 6133AW	Current balance owing \$4,681.65 2024 assessed value \$52,190
Lot 16, Block 31, Plan 6133AW	Current balance owing \$2,812.02 2024 assessed value \$43,870
Lot 15, Block 5, Plan 6133AW	Current balance owing \$4,121.56 2024 assessed value \$64,990

## 5. **Facilities Update**

### **Arena**

- Lacrosse completed their season at the end of June and there is nothing booked for use until the rodeo in mid September.
- Waiting on the contractor to install the plastic seating in Sections A & B.

### **Centennial Place**

- Activity has been quiet as usual over the summer months with Dance, Kiddies Korner over for the season and pickleball primarily using the outdoor facility. EPIC Adventures use the music/youth room as their headquarters.

### **Curling Rink**

- The weekly Farmer's market is continuing every Wednesday until mid September.
- The Gun show was held on the weekend of July 20 & 21<sup>st</sup>.
- The fall fair was held August 8 – 10<sup>th</sup>.
- The Curling Club is hosting their 2<sup>nd</sup> Annual Cornhole Tournament on Saturday August 31<sup>st</sup>.

### **Parks**

- Maintaining all turf areas, flower beds and planters.
- Maintaining all sports-fields.
- Maintaining all parks and playground spaces.
- New asphalt covering was placed on the existing skatepark pad and new skate park equipment installed in mid June.

- During the heat wave have experienced homelessness and drug use in the washrooms at the spray park, Hector King Hunter Park and the tri-plex. RCMP have been involved to remove the individuals from the buildings. As a precautionary measure the tri-plex and museum ball diamond washrooms have been locked with keys provided to the ball teams still practicing.

### **Swimming Pool/Spray Park**

- Swimming Pool has been busy recently with the heat wave which is trying to make up for the lower attendance experienced during the cool weather through June and early July.
- Lessons have been going well.
- Pool will close for the season on August 25<sup>th</sup> with the paws in the pool event planned for August 26<sup>th</sup>.
- Spray Park has worked very well this season with little to no down time. A couple of issues regarding the opening and closing of the washrooms but should have that solved.
- Spray Park closing date to be determined but will be sometime between early – mid September (depends on the weather)

### **Fox lake Park**

- The campground had a slower start but as of July has been full for the most part.

- Background prep on public engagement plan for Animal Control Bylaw. See attached Communications Plan.
- The dates for the Public Engagement portion of the Animal Control Bylaw have been modified as per the request of Council. A date is required to be able to promote a non-statutory public hearing. It is proposed, in the attached Communications Plan that the opportunity for public impact and the survey be open between Sept 4 – Sept 30. Would Council like to set a date and time?

## Animal Control Bylaw 1035-2024 Public Engagement Communications Plan

Prepared by: Laurie Armstrong, Director of Business and Communication

### Introduction

A four-phase dynamic approach will be used to provide the foundation for this Communications Plan regarding the introduction of Bylaw 1035-2024 Animal Control Bylaw. The following pages provide the following:

### Four Phases

Phase I: ADVISE Educate

Phase II: COLLECT Public Opinion & Engagement

Phase III: REFINE Results of Public Engagement and Revisions to Bylaw

Phase IV: DECIDE Implementation – bylaw goes into effect

## Key Dates

Each of the Phases has key dates attached will have suitable marketing and messaging using the tools available that we routinely use to reach residents. Examples include: eNews, Social Media, Flyer and Kiosk.

### **Phase I Begins: Aug 19**

Education Phase Key messages:

- There will be opportunity to voice opinions.
- Residents to begin their research
- Watch for more details.

### **Phase II Begins: Week of Sept 2**

Public Engagement Phase. Key messages:

- Survey opens Sept 4
- Non-statutory Public Hearing date is announced
- Written correspondence and submitting email is encouraged.
- Survey closes Sept 20 provides for 3 weeks of engagement.

### **Phase III Begins: Week of Oct 8**

Refine Phase. Key messages:

- 'What We Heart' report comes before Council.
- Nov 12: Animal Control Bylaw is presented for 2<sup>nd</sup> and 3<sup>rd</sup> reading.

### **Phase IV Begins: Week of Nov 18**

Decision Phase. Key message will depend upon final approval of the bylaw.

## Draft Survey Questions

### **1. Where do you Live?**

- Hanna
- Outside Hanna

### **2. Are you interested in keeping chickens on your property**

### **3. Do you think Hanna residents should be allowed to keep chickens (laying hens) within the Town limits under certain guidelines?**

### **4 If regulations are written to allow chickens, what do you think are important to consider.**

**Check all that apply or rank in order.**

- Hens only – no roosters
- Lot size

- Location of where chickens are contained within the yard
- Mandatory training on how to care for the chickens.
- Minimum distance and screening from other houses.
- Cleanliness standards including smell/odour, chicken manure storage and disposal, enclosure maintenance etc.
- Size of coops and run area
- Eggs and chickens are for personal use only and not for sale
- Public health or sanitary issues such as possible avian influenza outbreaks.
- Attracts vermin.
- Noise
- None
- Other

**5. Please let us know how much you agree or disagree with the following statements:**

- Chickens should only be permitted for single detached homes.
- Chickens should require veterinary checks, similar to other domestic animals like dogs and cats. Keeping in mind that the Town of Hanna doesn't enforce or follow up on veterinary checks for dogs and cats.
- Owners should require a municipal license and upfront property inspection prior to keeping chickens to ensure compliance before license approval.
- Track which properties have chickens
- Trace and inform the public of disease and illness outbreaks.

**6. Open Answer/Comments**

## Big Country Waste Management Commission – Extended Producer Responsibility Agreement

### Recommended Motion

That Council hereby appoints the Big Country Waste Management Commission as its representative to participate within Alberta’s Extended Producer Responsibility recycling system. Subject to the limitations of authority outlined below, the Town of Hanna authorizes Big Country Waste Management Commission to complete any action on its behalf including, but not limited to, its registration with Alberta Recycling Management Authority and negotiations for services with Producers and Producer Responsibility Organizations.

#### Limitations of Authority:

Managing municipal waste operations and designated recycling materials within the Town of Hanna boundaries.

### Background

For over 31 years, Alberta Recycling Management Authority (ARMA) has managed four different recycling programs. The Government of Alberta has appointed (ARMA) as the oversight body for extended producer responsibility (EPR), which is a new framework for Alberta where producers will assume the cost of recycling materials like packaging, paper, single-use plastics, and hazardous and special products. Launching this framework alongside ARMA’s existing stewardship programs not only leverages their extensive experience and relationships in the recycling sector but gives them the tools to continue to act boldly in how we envision our future.

EPR supports two product streams, Single-use Products, Packaging and Paper Products (PPP) and Hazardous and Special Products (HSP). For communities registered in EPR, recycling collection services for PPP will be accessible to single-family and multi-family dwellings and to recycling depots and/or collection events—associated with the responsible disposal and recycling of HSP.

Alberta communities who register for EPR will shift the cost and responsibility of recycling away from local governments and taxpayers to the producers of recyclable material.

- For communities with existing recycling services, the costs of these services will be transferred to producers, reducing the utility or tax levies associated with waste management.
- Communities without existing recycling services will gain access to recycling services, resulting in:
  - Waste reduction: Recycling reduces the volume of waste ending up in landfills.
  - Economic benefits: Recycling can create jobs in the recycling industry and reduce waste management costs.
  - Conservation of resources: By recycling materials like paper, plastic, and metal, communities can conserve valuable resources.

ARMA encourages all communities to register for EPR to maximize the benefits for our province and want to draw your attention to the following important dates related to the EPR program, some of which are fast approaching:

- Communities with existing services who register for EPR before December 31, 2023, will begin receiving collection under the EPR program starting April 1, 2025.
- Registration can be completed by the community or a community authority such as a waste commission.
- Detailed registration information is available on the ARMA website or by contacting [epr@albertarecycling.ca](mailto:epr@albertarecycling.ca).
- You can also find a Community Toolkit at [www.albertarecycling.ca/communities/](http://www.albertarecycling.ca/communities/)

Communities that register after December 31, 2023, as well as communities currently without recycling services, will start receiving recycling collection services in Phase 2, starting October 1, 2026.

## Downtown Business Compensation Plan

### Recommended Motion

That Council approves the Downtown Business Compensation Plan as presented and directs administration to implement the plan with the funds derived through the project budget contingency and if that not available through accumulated surplus.

### Background

As Council is aware there has been discussion and requests from a few of the retail businesses in the construction zone of the Downtown Redevelopment Project regarding the Town of Hanna providing some form of compensation to the businesses who have been negatively impacted by the construction.

Councillor Olsen requested that this item be added to the July 9, 2024, Council Meeting for discussion and at that meeting the following motion was passed, "That Council direct Administration to bring back to Council a business compensation plan for tax relief for those business affected by the downtown redevelopment construction."

Administration is bringing forward a plan for Council consideration that if approved by Council would provide compensation for the downtown businesses impacted negatively by the construction. The highlights of the plan are detailed below:

1. Compensation would be based on a grant provided to the downtown businesses equivalent to two months of municipal taxation (in the event that a business municipal taxes were \$2,400 annually the business would see a grant equivalent to 1/6 of their municipal taxes or in this case \$400). Municipal taxes in this case would include the municipal portion of taxes plus the school and Acadia Foundation portion of taxes requisitioned.
2. The property owner would need to make a request in writing for the grant indicating that the business on the property has been negatively affected by the construction. In the case that the property owner is not the business operator, the business owner can indicate that the tax relief be passed onto the business operator unless the property

owner and business owner indicate in writing that the property owner provided a discount on rent equivalent to the grant which in that case the grant could flow through to the property owner.

Based on the number of taxable properties in the construction zone (43) the municipal taxes levied in 2024 was \$146,423.98. Using this figure and following the compensation plan (2 months taxes) the maximum amount of compensation would be \$24,403.99 (\$146,423.98 divided by 6 equals \$24,403.99).

It is anticipated that several but not all the property owners will apply for this grant as they were either not impacted negatively or they are excited for the final result and anticipate that it will be beneficial for their business in the long term.

Under this plan some of the properties will see little compensation (less than \$300) so an option Council may want to consider is implementing a minimum compensation level of \$500/negatively impacted property.

## Municipal Enforcement Vehicle Purchase

### Recommended Motion

That Council authorizes the purchase of the 2014 Ford Taurus Police Interceptor vehicle from the Town of Beaverlodge in the amount of \$15,000 plus GST subject to a satisfactory vehicle inspection with the funds derived from accumulated surplus.

### Background

Following the retirement of the Director of Protective Services on December 31, 2021, the various responsibilities of the portfolio were distributed to other departments or contracted to external sources. One of the responsibilities that was contracted to an external source was Municipal Enforcement. Administration, working with Special Areas representatives, developed a plan to have the Town of Hanna Municipal Enforcement services provided by Special Areas Peace Officers on a contract basis. Special Areas Peace Officers are appointed by the Alberta Solicitor General and Public Safety, and therefore have broader jurisdiction than the Director of Protective Services had as the Bylaw Enforcement Officer.

A Memorandum of Agreement (MOA) establishing the terms and conditions under which the Special Areas Board would provide the Town of Hanna with Peace Officer Services was entered into by both parties with the MOU approved by the Special Areas Board at their January 25, 2022, Board Meeting and by the Town of Hanna Council at their February 8, 2022, Council Meeting.

The Peace Officers were to take their direction from the CAO and focus their time on Municipal Bylaws such as:

- Unsightly properties
- On street parking, including trailer & RV parking
- Sidewalk snow removal
- Garbage issues
- Noise
- Business Licensing

Special Areas indicated to the Town of Hanna in the fall of 2022 that the agreement was not working for them as they were having difficulty recruiting for Peace Officers and the Town of Hanna agreed and provided a letter of termination to the Municipal Enforcement Agreement on December 16, 2022.

Prior to that Administration entered discussions with Tracy Raypold who at the time did not have current Community Peace Officer status but indicated that she would be willing to partner with the Town of Hanna on a cost share arrangement that would see her take the necessary training to receive Community Peace Officer I status. Council entered into an agreement with Tracy Raypold to provide Municipal Enforcement effective January 1, 2023.

As of December 31, 2022, the Province of Alberta no longer authorize Level II Community Peace Officers. This was the former designation available for a Municipal Bylaw Enforcement Officer role. The former Bylaw Enforcement Officer did not have this status and was limited in his duties as a result.

Effective January 1, 2023, all Community Peace Officers employed within the Province of Alberta that have completed their bridging training will now become CPO Level I. All appointed CPO Level II who have not completed the required training will be removed from the current CPO program and become Municipal Bylaw Enforcement Officers. This posed an immediate challenge to small municipalities such as the Town of Hanna for several reasons which are addressed in the following paragraphs below.

While some duties are not of immediate interest to the Town of Hanna currently, the re-classification of Community Peace Officers leaves the Town of Hanna with limited options for a Municipal Bylaw Officer position.

Community Peace Officer Level I Advantages:

Professionalism – Community Peace Officer Level I Officers throughout the province will have the same standardized training and be widely recognizable by the uniform. This will reduce the risk of liability and increase the credibility of the position and the authorized employer.

Without CPO Level I status, a Municipal Enforcement Officer does not have the ability to

- Access provincial databases to gather information imperative to any bylaw and provincial statute investigations. Some examples are access to information on driver's licences to confirm identity while investigating any offences.

- Access to license plate information to aid in contacting registered owners to inform of complaints received, such as RV's, abandon vehicles and other non-moving parking violations. Access would also allow for assistance with identifying and contacting owners of vehicles that need to be moved during snow removal days.
- To access the above-mentioned information which makes the role very challenging and time-consuming. It also renders a Municipal Bylaw Enforcement Officer powerless as there is no legal avenue to approach any required enforcement action under bylaw offences. CPO Level I status would remedy this immense challenge.
- Wear Officer Safety Equipment- Safety Vest, Baton and OC Spray. As we have seen in other jurisdictions, the dangers associated with municipal enforcement are continuing to grow. Officer safety should be a top priority for all authorized employers. Under the new re-classification, Municipal Bylaw Officers are not permitted to wear a vest or carry intermediate weapons to protect themselves with. To wear or utilize this equipment CPO 1 status is required.

Provincial legislation that requires CPO status that would benefit the Town of Hanna, reducing RCMP calls for service for municipal enforcement matters are as follows:

- Animal Protection Act (authority to seize animals that are in distress or are abandoned)
- Dangerous Dogs Act (investigation of dogs that have attacked other animals or people)
- Traffic Safety Act (investigations of complaints involving non-moving offences, tow authority, educational activities promoting traffic safety in schools and community events, warnings and prosecution)
- Use of Highway and Rules of the Road Regulation (non-moving offences, warnings and prosecution)
- Weed Control Act (offences, warnings and prosecution)
- Trespass to Premise Act (persons refusing to leave any town property when asked, warning and prosecution)
- Tobacco and Smoking Reduction Act. (authority to approach/ investigate underage smokers, education, warnings and prosecution)
- Provincial Offences Procedures Act (assist with prosecution)

In the case where provincial legislation exists, a CPO Level I Officer can issue violation tags under a provincial offence and have it prosecuted provincially. All bylaw charges currently are the municipality's responsibility to prosecute and the cost to prosecute significantly outweighs the fine involved. Employing a CPO Level I Officer reduces the cost to the municipality by way of provincial prosecution. Previously the Bylaw enforcement Officer could only issue Municipal Violations with specified penalties when it came to enforcement.

This type of ticket is less effective especially if the perpetrator was uncooperative in payment and compliance. A CPO Level I provincial ticket is much more effective and can be forwarded to the province for payment recovery options including a warrant for their arrest.

There are many other benefits to having a Community Peace Officer Level I in the mandated role of Municipal Enforcement Officer. Administration believes these benefits outweigh the small (in comparison) cost associated with being an authorized employer.

Council at their December 13, 2022 Council meeting entered into an agreement with Tracy Raypold to provide Municipal Enforcement Services for the Town of Hanna. At this time Council committed to cover the following costs:

- Community Police Officer Level I Training costs estimated at (\$10,400) in 2023 with a reimbursement required if the agreement is terminated early by the Employee.
- Other training opportunities and professional development opportunities as approved in annual budgets and by the Chief Administrative Officer.
- Town will provide a vehicle and the costs of the vehicle (i.e., fuel, insurance, r & m, etc.)
- Town will provide a phone allowance as per Town of Hanna policy.
- Town will provide the necessary office support (i.e., office, land line, computer, access to printer, etc.)

Since the inception of this agreement Administration has been working with Officer Raypold to upgrade the Municipal Enforcement component of the Town of Hanna operations and has completed the following:

- Officer Raypold has completed the required training to achieve Community Peace Officer Level I certification.
- The Town has purchased the required equipment – vest, uniform, shoulder patches, etc.
- Authorized Employer Status from Alberta Public Safety and Emergency Services (received approval as of July 19, 2024.)

Up to this date Officer Raypold has been using the Town of Hanna Office Truck as she was not able to wear her uniform or drive a Peace Officer vehicle until she received her CPO Level I certification and until the Town of Hanna received Authorization to employ peace officers from the Province of Alberta. With both objectives being met the next step is to provide a proper Peace Officer Vehicle.

**Options:**

1. Purchase the 2014 Ford Taurus Police Interceptor vehicle from the Town of Beaverlodge in the amount of \$15,000 plus GST subject to a satisfactory vehicle inspection. This vehicle comes fully equipped for that amount with the exception of a Town of Hanna enforcement decal.
2. Take a vehicle out of the Town of Hanna Public Works fleet which will mean that the department fleet will be less a vehicle and will be looking for a vehicle to bring their fleet back to a satisfactory complement.
3. Continue to use the office truck but this will not meet the requirements of the province as an Authorized Employer of a Peace Officer and will not give municipal enforcement the visibility and professionalism that Administration has been striving for.

Good evening, Kim,

Hope all is well in your neck of the woods.

We have decided to part with and sell our second patrol vehicle, and I was thinking the Town of Hanna would best benefit from this fantastic deal.

I have a 2014 Ford Taurus Police Interceptor with ~216,000 KM's, for sale - pictures attached, at a great deal for you = **\$15,000.00**. I thought I would offer this to you first, before posting it for others, as I feel you would greatly benefit from it, the most.

This vehicle would be a perfect vehicle for your municipal enforcement department, and comes ready to go with all enforcement equipment required to meet the minimum standard for a Level 1 Peace Officer patrol vehicle. This unit will last you a long time, and would serve you well in your location. The only thing the vehicle does need is a new set of tires and a modem for internet (or a cell carrier air card could also be used for internet), otherwise this vehicle is turn key, ready to hit the streets. When we got it last fall, we put a new decal package on it, as well, so all I would do is remove the unit numbers and center municipal logo decal, and the rest of the decaling including the "PEACE OFFICER" decaling, would stay. All you would really need to do is install your town municipal enforcement decal on both doors, then you are set.

This vehicle comes with all the interior equipment, including center console with computer docking station for a typical Panasonic toughbook mobile computer most agencies, across the province, utilize.

It also includes equipment such as a mobile printer, ID scanner, GPS drive for e-ticketing, a small animal crate, organizing plastic bin with other operational day to day items required = all included.

I think this would be a great opportunity, while meeting the needs of fiscal responsibility, to be able to allow you to get this much needed asset, at a great value and get your municipal enforcement department off the ground, to become visible within the community.

Should you have any questions, or wish to take advantage of this fantastic deal, please feel free to let me know, and I can prep the necessary paperwork.

Thanks, and Regards,

**Wes Kardash**  
**Senior Peace Officer**

## Town of Beaverlodge Municipal Enforcement Updated Patrol Vehicles

### Unit #BL2

## Report to Town of Hanna Council – August 13, 2024

### Subject: Dedicated Vehicle Purchase for Hanna Municipal Enforcement

Dear Mayor and Council,

I am writing to request approval and funding to purchase a dedicated vehicle for Municipal Enforcement duties within the Town of Hanna. This opportunity has been offered exclusively to our town by another Alberta municipality at a reduced cost, directly supporting our Municipal Enforcement program. The vehicle is fully compliant with provincial standards and well-suited to meet the long-term needs of Hanna. A dedicated vehicle is essential for enhancing community safety and ensuring effective service delivery to all residents and visitors.

#### Justification

##### 1. Enhanced Mobility and Response Time:

The Town of Hanna's jurisdiction covers residential, commercial properties, Fox Lake Municipal Campground, and the Municipal Airport. A dedicated, compliant vehicle will significantly enhance mobility, allowing for faster response times to public complaints and increased productivity when engaged in proactive patrols. By reducing the time spent in the office, the officer's presence within the community will be more visible and effective. Moreover, the vehicle will be equipped with a system that integrates offline and online capabilities, reducing the need to transcribe handwritten notes and thereby improving efficiency.

##### 2. Increased Visibility and Deterrence:

An identifiable patrol vehicle will establish a clear and visible law enforcement presence within the community. Historically, such visibility has been proven to reduce criminal activity and deter municipal and provincial violations, thereby enhancing public safety. The combination of a marked patrol vehicle and a uniformed officer presence is a powerful tool in addressing recent increases in public nuisance and crime within the town. This visibility will make the Town of Hanna less appealing to individuals involved in illegal activities.

##### 3. Safety and Professionalism:

The Community Peace Officer Act, Regulations and Program Manual mandate that officers must have the necessary tools and equipment to perform their duties safely and professionally. A well-equipped vehicle will provide a secure, controlled environment for property investigations, inspections, and community patrols, significantly increasing officer safety, especially when working alone in potentially risky situations. This is also essential to comply with Alberta Occupational Health and Safety legislation.

#### 4. Flexibility in Service Delivery:

A vehicle dedicated to Municipal Enforcement will enable the officer to perform a wider range of duties, including animal control, parking enforcement, and other municipal bylaw and provincial statute investigations. It will also facilitate better coordination with other law enforcement agencies, allowing for a more comprehensive approach to public safety. Currently, as an unregulated Bylaw Enforcement Officer, I am limited in accessing critical information, forcing minor complaints to be deferred to the already overstretched RCMP. The Municipal Enforcement program is designed to complement, not burden, the police of jurisdiction.

#### 5. Cost Efficiency:

This vehicle is offered at a reduced cost and comes fully equipped, making it a cost-effective investment for the town. A dedicated vehicle will reduce response times and lead to more efficient use of town resources. Additionally, its resale value and well-maintained condition ensure it will serve the town for several years, representing a sound fiscal decision.

- Minimizes the impact on other town departments seeking fleet purchase budgets.
- Retains resale value due to new interior enforcement-related equipment.
- The vehicle has been well-maintained mechanically.

#### Additional Benefits:

- Reduction in calls for service to the RCMP, allowing them to focus on high-priority police matters.
- Access to Provincial fine options that are prosecuted at no cost to the town, while maintaining a commitment to resolving matters through education.
- Enhanced officer safety with tools required to align with Alberta Occupational Health and Safety legislation.
- Access to vital information for direct contact with registered vehicle owners, enabling a more personal, educational approach to enforcement.

#### Considerations if Proposal is Not Approved:

- Outfitting an alternative existing vehicle could cost approximately \$35,000.00.
- Purchasing a suitable used vehicle could range between \$35,000.00 and \$70,000.00.
- A new build vehicle could cost approximately \$100,000.00 to \$120,000.00.
- Enforcement vehicle equipment for the current 2006 Public Works Fleet Truck is no longer available.
- Potential risk to the town's professional image and a significant decrease in officer safety.

#### Vehicle Details:

- Model: 2014 Ford Taurus Police Interceptor
- Mileage: 216,000 KM
- Price: \$15,000.00

#### Included Equipment:

- New decal package
- Custom center console
- Computer docking station
- Mobile printer
- ID scanner
- GPS drive for e-ticketing
- Animal crate
- Organizational bin with day-to-day operational items

#### Conclusion

The acquisition of this dedicated patrol vehicle is not only practical but a critical investment in the safety and well-being of our community. By approving this request, the Town Council will support a proactive approach to maintaining order, deterring crime, enhancing community relations, and upholding the highest standards of professionalism and efficiency within the Municipal Enforcement program. Without a dedicated vehicle, our ability to deliver a safe, effective, and compliant Municipal Enforcement program will be severely compromised.

I respectfully request the Town Council's consideration and approval of this vehicle purchase. I am available to discuss further details and provide additional information as needed.

Respectfully,

Tracy Raypold  
Municipal Enforcement Officer

His Worship Danny Povaschuk  
Mayor  
Town of Hanna

Hanna AB T0J 1P0

Dear Mayor Povaschuk:

The Honourable Danielle Smith, Premier of Alberta, shared your letter of May 15, 2024, regarding Alberta's the introduction of Bill 20: the *Municipal Affairs Statutes Amendment Act, 2024*. I am pleased to respond on behalf of the Government of Alberta.

As you are aware, the recently passed Bill 20 will modify two key pieces of legislation for Alberta municipalities – the *Municipal Government Act (MGA)* and the *Local Authorities Election Act (LAEA)*. Bill 20 will help municipalities accelerate housing development, strengthen provincial oversight, and update the rules for local elections and locally elected officials. I realize there has been much misinformation about the contents and intent of this bill, and I am pleased to respond.

Under Canada's Constitution, there are two levels of government that are defined: provincial and federal. All municipal matters fall under provincial jurisdiction. The Government of Alberta has delegated significant authority to locally elected municipal governments under the *MGA*, to make decisions of a local nature on behalf of their residents. This said, all municipal jurisdictions are subject to provincial legislation and authority.

Through the powers in the Constitution and the *MGA*, the provincial government has always had the ability to dismiss a councillor, and it is a process that is not taken lightly. As you may be aware, I recently made the decision to dismiss a mayor and several councillors. More information on that situation is available at [www.alberta.ca/chestermere-municipal-inspection](http://www.alberta.ca/chestermere-municipal-inspection).

This process was done through a municipal inspection and ministerial order. While this process may be appropriate for most cases, there may be situations that require an expedited process as outlined in Bill 20. I strongly believe in local decision-making, but like all governments, municipalities must focus on matters within their delegated responsibility when making their decisions.

.../2

Similarly, the province's authority to repeal or amend bylaws is not new. The *MGA* already provides Cabinet the ability to intervene in planning and development bylaws; however, this ability has never been used. In 2022, the government introduced Bill 4, which amended the *MGA* to repeal bylaws related to face mask mandates in the City of Edmonton. This was an example of a municipal bylaw that was contrary to provincial public health advice. The changes in Bill 20 will enable government to address similar situations through a more expedited process; however, it remains that this would be only used in rare circumstances.

On May 23, I tabled additional amendments, to further clarify the intent of this bill. The amendments can be found at [www.alberta.ca/strengthening-local-elections-and-councils](http://www.alberta.ca/strengthening-local-elections-and-councils). I encourage you to review the bill with amendments directly for more information on the contents of Bill 20.

Bill 20 will maintain the municipal ability to govern affairs within local jurisdiction while allowing Cabinet to step in when municipal bylaw crosses into provincial jurisdiction. This will ensure that municipal councils remain focused on municipal issues that their constituents elected them to address. Cabinet's authority to intervene in municipal bylaws or order public votes on possible dismissal of a councillor will be considered as a last resort; I anticipate that these powers will be used very rarely, if ever.

In addition, the updates to the *MGA* and the *LAEA* will enhance transparency and ensure that local elected officials are held accountable to the Albertans they represent. We are strengthening public trust in local elections by eliminating the use of electronic tabulators. It is important for Albertans to feel they can trust the methods and results of local elections and requiring all ballots to be counted by hand will give Albertans that assurance.

Bill 20 will also enable the option to have criminal record checks as a part of candidate nomination packages and will allow local candidates to identify with local political parties without direct affiliation to provincial or federal parties. I have publicly stated my intention to implement the option to include municipal political party affiliation on ballots only in the cities of Edmonton and Calgary.

Currently, municipal candidates are able to organize into political parties or slates without any rules around their organization. Adding rules around political parties will increase transparency for electors. I will also note that no candidate will be required to join a political party – they will always remain voluntary and local.

Bill 20 will also increase transparency in campaign financing. In 2018, the government at the time banned corporation and union donations to individual candidates. Rather than taking the "big money" out of local elections, donations shifted to third-party advertisers. For example, Calgary's Future raised \$1.7 million to endorse nine specific candidates who were elected in the 2021 municipal election. By enabling corporation and union donations at a cap of \$5,000 per municipality, voters will have public records of the unions, corporations, and individuals supporting candidates. We are also introducing an expense cap for municipal campaigns to limit donations collected and keep local campaigns focused on the current election.

Albertans deserve to have faith in their local governments, and Albertans expect municipal leaders to behave responsibly to reflect the interests and needs of the community. Occasionally, the provincial government is asked to look into the management of an Alberta municipality and the leadership of its elected officials. We always treat such requests with the due diligence they deserve. Albertans deserve a provincial government that can respond promptly to extraordinary situations that occur within a municipality.

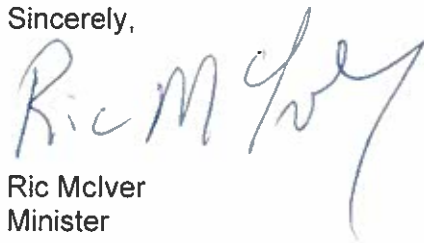

Bill 20 also includes amendments to the *MGA* that will encourage housing development in municipalities. Affordable and attainable housing has become one of the most urgent concerns across the country, and the Government of Alberta is unlocking options for municipalities to consider as they take local action to address housing affordability. The amendments to the *MGA* will create balance between appropriate engagement with residents and stakeholders and prompt municipal planning and development decisions. This ensures that municipalities have greater flexibility to tackle their housing priorities while providing residents with the opportunity to have their say about development plans in their communities.

This bill was informed by feedback my ministry received from Albertans in 2021-23. The results of the consultation surveys can be found at [www.alberta.ca/local-elections-and-councillor-accountability-engagement](http://www.alberta.ca/local-elections-and-councillor-accountability-engagement). I appreciate your feedback and your participation in the discussion of this important piece of legislation. Alberta's government remains committed to fairness and due process and will continue working with local authorities to ensure Albertans have the effective local representation they deserve.

Now that Bill 20 has passed, Municipal Affairs will be engaging with municipalities and stakeholders over the coming months to explain the changes Bill 20 will require at a local level, and develop regulations as required.

Thank you for writing.

Sincerely,

Ric McIver  
Minister

Dear Mayor Povaschuk:

I am pleased to announce that Canada and Alberta have signed an agreement renewing the Canada Community-Building Fund (CCBF) to March 31, 2034. I can also confirm that Alberta will receive \$265 million in funding in 2024 under the newly negotiated CCBF agreement. This partnership between the province and the federal government will help ensure local governments in Alberta can continue to make needed investments in local infrastructure.

To that end, I am happy to confirm the allocation amounts to your community for the CCBF program. For the Town of Hanna, the 2024 CCBF allocation is \$189,467.

Payments to local governments are anticipated to flow by the end of summer, as communities meet the payment criteria.

CCBF funding amounts for all municipalities and Metis Settlements are also posted on the Government of Alberta website at [open.alberta.ca/publications](https://open.alberta.ca/publications).

Your community's allocation reflects an updated allocation formula under the CCBF agreement, which ensures base funding for all local governments, with the remainder of funds allocated on a per capita basis.

In addition, the renewed CCBF agreement involves several other changes, including to local government reporting and new housing-related reporting requirements for larger local governments. Municipal Affairs will share the updated CCBF program guidelines reflecting these changes as soon as possible.

.../2

The department will also be providing a Memorandum of Agreement for the renewed CCBF. Execution of this agreement is a condition to receive your community's 2024 CCBF allocation.

I look forward to working together with you and the federal government to help your community in addressing its infrastructure needs.

Sincerely,

Dear Mr. Nikota,

**Re: Spec Home Construction**

---

Please accept this letter in support of the Harvest Sky Economic Development Corporation's proposal to invest in a partnership to build a spec home in the Town of Hanna. The Board is pleased to support this project if a transparent tender process is used to select the private builder and is widely communicated throughout the region.

The municipal members of the Harvest Sky region, specifically the Village of Youngstown, the Town of Hanna and the Special Areas Board, are in agreement to support the construction of a spec home within the Town of Hanna. There is a need for professional housing and an opportunity to build on a lot in the Fielding Place subdivision.

We believe future growth will be well supported through this project, and look forward to seeing the home being built.

Sincerely,

Jordon Christianson  
Chair, Special Areas Board
