

## About Our Staff

Our trained, enthusiastic and engaging staff interact with your children in a fun summer camp environment. We are focused on providing caring leaders that will support and encourage your child during their adventures with us.

To ensure quality experience for staff and children, the Town of Hanna trains all leaders working with children in HIGH FIVE® 'Principles of Healthy Child Development' (PHCD) and Standard First Aid. Other opportunities for professional development are also encouraged when available.

### Program Manager

My name is Sydney McMillin, I am the new Epic Adventures manager. I have worked with the town for three years and I am very excited about being manager this year. I have just completed my first year at Red Deer Polytechnic working towards my Bachelor of Elementary Education. Working with kids has always been a passion of mine and I am very excited to be able to be apart of the program again this year. Be sure to join me and the other Epic Adventures staff and make this summer "Epic"!

## Field Trips

Important to keep in mind that we are capping the number of participants for field trips. There will only be twenty spots available. Be sure to register ahead of time for these days. Also note that there will be a waiting list so if your child cannot make the day to let Sydney know 24 hours before so we can give everyone an opportunity to go on the trip!

HIGH FIVE® is Canada's quality standard for children's recreation and sport.

As a registered HIGH FIVE® organization, we believe in the power of making a difference in children's lives through giving them the 'best way to play'.

HIGH FIVE® helps to ensure your child is in good hands and will enjoy a positive experience in our programs.

We are always open to your feedback about our programs.

## 2022
